2. Professional Summary:

Associate Professor and Department Head with over 18 years of academic, research, and consultancy experience in Food Science, Food Safety, Biotechnology, and Quality Systems. Specialized in meat and fish product technology, functional foods, and natural bioactive ingredients, with recognized expertise in ISO 22000, FSSC 22000, HACCP, and BRCGS. Author of 40+ peer-reviewed publications and book chapters, with a strong record of international research collaboration, postgraduate supervision, and Scopus/Web of Science-indexed publishing. Actively engaged in translating scientific research into industry-driven food safety and preservation solutions, while contributing to sustainable food systems and innovation aligned with Egypt's Vision 2030.

3. Current position:

Associate Professor & Head of the Department of Food Science and Technology, Faculty of Agriculture, Menoufia University, Egypt *(Nov 2023 – Present).*

- Lead academic, research, and administrative activities of the department.
- Supervise postgraduate (MSc & PhD) research in food safety, biotechnology, and preservation.
- Coordinate curriculum development and quality assurance activities.
- Lead international collaborations and joint research initiatives.

4. Previous Academic Appointments:

- **Associate Professor** – Menoufia University (2023–Present).
- **Assistant Professor** – Menoufia University (2013–2018).
- **Assistant Lecturer** – Menoufia University (2012–2018).
- **Demonstrator / Teaching Assistant** – Menoufia University (2007–2012).

5. Objectives:

a) Academia & Research Focus:

- Dedicated academic and researcher in Food Science and Biotechnology, seeking to contribute expertise in food safety, molecular biology, and functional food innovation to advance research, education, and student development while building strong industry–academia collaborations.

b) Industry & Consultancy Focus:

- Results-driven food science professional with proven experience in ISO 22000, HACCP, and food safety systems, aiming to leverage research and consultancy expertise to enhance food quality, sustainability, and innovation in leading organizations.

c) Hybrid (Academia + Industry):

- Versatile academic, researcher, and consultant specializing in Food Science, Food Safety, and Biotechnology. Seeking opportunities to integrate advanced research with industry applications, drive innovation in functional foods and sustainability, and support organizational growth through strategic leadership, quality systems, and scientific expertise.

6. Education & Professional Certifications:

a) **Ph.D. in Food Science and Technology** – *Voronezh State University of Engineering Technologies, Moscow, Russia, 2018 (**Biological and Food Sciences: Technology of Meat, Dairy, Fish Products, and Refrigeration Industries**).*

b) **M.Sc. in Food & Dairy Sciences** – *Menoufia University, Egypt, 2012 (Graduated with Excellent with Honors, Ranked 1st out of 15, GPA: 4.00/4.00. Equalized in Russia as **M.Sc. in Food Science & Technology**).*

c) **B.Sc. in Food & Dairy Sciences** – *Menoufia University, Egypt (Graduated with Excellent with Honors, Ranked 1st out of 15, GPA: 4.00/4.00. Equalized in Russia as **B.Sc. in Food Science & Technology**).*

7. International Diplomas and Courses:

a) **Higher Diploma in Documentation of Scientific Activities.** *Institute of Additional Education, FSBEI HE "VSUET," Voronezh–Moscow, Russian Federation (Feb 19 – Mar 2, 2018).*

b) **Higher Diploma in Professional Russian Language**. *Institute of Additional Education, FSBEI HE "VSUET," Voronezh–Moscow, Russian Federation (Mar 5 – Mar 16, 2018).*

c) **Higher Diploma in Graphical and Mathematical Interpretation of Experimental Data.** *Institute of Additional Education, FSBEI HE "VSUET," Voronezh–Moscow, Russian Federation (Mar 19 – Mar 30, 2018).*

d) **Higher Diploma in Providing Consultations for Postgraduate Students on Work Subjects.** *Institute of Additional Education, FSBEI HE "VSUET," Voronezh–Moscow, Russian Federation (Apr 2 – Apr 14, 2018).*

e) **Entrepreneurship and Small Business (ESB) Certification.** *Certiport International – Fully Sponsored Certification (Jan 27, 2021).*

Note: *These international certifications demonstrate commitment to academic excellence, research development, language proficiency, data analysis, postgraduate mentoring, and entrepreneurship.*

8. Administrative and Professional Roles:

- **Academic Director of the Food Safety and Quality Program (English Program)**.
- **Director of the Central Laboratory, Faculty of Agriculture** – 2025.
- **Member of the Laboratory Committee**, Faculty of Agriculture.
- **Member of the International Relations Office and Principal Coordinator of the International Relations Office at the University.**
- **Member of the Research Innovation Office, University Level** (2023–2024).
- **Food Industry Consultant**, providing professional consultancy services to food manufacturing companies across the Arab Republic of Egypt.
- **Consultant for International Food Companies**, contributing expertise in food safety systems, quality assurance, and industrial food processing.

9. Professional Memberships & Affiliations:

- **Egyptian Society of Food Science and Technology** – *Active Member.*
- **Institute of Food Technologists (IFT), USA** – *Professional Member*.
- **International Association for Food Protection (IAFP)** – *Member*.
- **International Union of Food Science and Technology (IUFoST)** – *Affiliated Scientist*.
- **European Federation of Food Science and Technology (EFFoST)** – *Professional Member*
- **World Academy of Science, Engineering and Technology (WASET)** – *Contributing Member & Conference Reviewer*.
- **Asian Council of Science Editors (ACSE)** – *Editorial & Peer Review Member.*
- **Egyptian Society for Biotechnology** – *Senior Member*.
- **Arab Society for Plant Protection** – *Member*.
- **Society of Food Engineering** – *International Member.*
- **African Society of Food Science and Technology** – *Member*.
- **Global Harmonization Initiative (GHI)** – *Food Safety Advocate & Member.*
- **International Society of Food Engineering (ISFE)** – *Research & Development Member.*
- **The Nutrition Society (UK)** – *Corresponding Member*.
- **Frontiers in Food Science and Technology** – *Editorial & Review Board Member.*
- **International Academy of Food Science and Technology (IAFoST)** – *Nominated Expert*.
- **Elsevier Researcher Academy** – *Certified Member.*

10. Professional Experience:

- **Associate Professor & Head of the Department of Food Science and Technology,** *Faculty of Agriculture, Menoufia University, Shibin El-Kom, Menoufia, Egypt.*
- **Lead departmental academic, research, and administrative activities** in Food Science and Technology.
- **Supervise M.Sc. and Ph.D. theses** across food safety, food preservation, functional foods, and biotechnology disciplines.
- **Design and deliver undergraduate and postgraduate courses** in food science and related fields.
- **Lead and participate in national and international research projects** aligned with food safety and sustainability priorities.
- **Actively engage in industry–academia collaboration** to translate research into applied food safety and quality solutions.
- **Serve as a reviewer and editorial board member for 50+ international journals** in food science, food safety, and biotechnology.

11. Awards and Honors

- **University Encouragement Award for Agricultural Sciences,** Menoufia University, Egypt (2023). *Awarded in recognition of outstanding academic achievements, research excellence, and significant contributions to agricultural sciences.*
- **Supervision Award – Best Graduation Project**. Faculty of Agriculture, Menoufia University, Egypt (2024). *Awarded for exemplary mentorship and leadership in supervising a top-ranked undergraduate graduation research project.*
- Science Award**.** ***Astrakhan State Technical University, Russian Federation (2017).*** *Honored for distinguished contributions to scientific research in food science and related disciplines.*
- **Best Scientific Research Award (3rd Place).** *Moscow, Russian Federation (2017). Recognized for innovative and high-impact research in food science and biotechnology.*
- **Best Scientific Research Award (2nd Place).** *Moscow, Russian Federation (2016). Awarded for excellence in scientific research presentation and contribution to advancements in food science and technology.*

12. Membership in Scientific Societies

- Molecular Member, Executive Committee, Russian Institute of Food Professionals (RIFP)
- Molecular Member, Executive Committee, Institute of Gastronomy, Siberian Federal University (IGSFU)
- Member, International Advisory Committee, Asian Food Safety & Security Association (AFSA).
- Member, Food Research Foundation, Moscow, Russia.
- Member, Egyptian Society of Food Science and Technology, Egypt.

13. Key skills:

- Food Safety Systems & Auditing.
- Research Design & Statistical Analysis (SPSS, R, GraphPad).

- Chromatography (HPLC, GC-MS, LC-MS/MS).
- Molecular & Microbiological Techniques.
- Academic Leadership & Curriculum Design.
- Scientific Writing & Grant Development.

14. Teaching:

(a) Courses Taught (Selected):

Food Microbiology, Food Safety & HACCP, Food Chemistry, Food Analysis, Food Packaging, Meat & Fish Technology, Food Preservation, Functional Foods, Food Biotechnology, Quality Control, Food Processing Technology.

(b) Participation in Academic Accreditation:

- **Active Member, Quality Assurance and Accreditation Committees**, Faculty of Agriculture, Menoufia University. *Contributed to institutional and program-level accreditation processes in accordance with national and international quality standards.*
- **Participant in Academic Program Accreditation (Undergraduate and Postgraduate Levels).** *Involved in curriculum evaluation, learning outcomes alignment, course mapping, and continuous improvement processes.*
- **Contributor to Self-Study Reports (SSR).** *Participated in preparing self-assessment reports, evidence documentation, and performance indicators for academic program accreditation.*
- **Member, Program Review and Development Committees.** *Engaged in reviewing and updating curricula to align with labor market needs, international benchmarks, and accreditation requirements.*
- **Participant in Accreditation Site Visits and Internal Audits.** *Supported external and internal accreditation teams by preparing documentation, coordinating academic units, and responding to evaluation feedback.*
- **Contributor to Quality Assurance and Continuous Improvement Plans.** *Assisted in developing corrective action plans and performance improvement strategies based on accreditation review outcomes.*
- **Training and Capacity Building in Academic Accreditation.** *Completed institutional training programs related to quality assurance, academic accreditation, program evaluation, and outcome-based education.*

(c) Research Students Supervised:

Level	Number
PhD	+10
MSc	+20
Undergraduate	50–70+ per year (since 2008)

(d) Thesis Examination Committees

- PhD Examinations – National level

- Master's Examinations – National level

(e) Training Activities

- Teaching & Learning Methods
- Quality Assurance & Accreditation
- Digital Learning & E-Learning
- Research Methodology & Publishing.

(f) Technical Skills:

- Molecular Biology Techniques (PCR, RT-PCR)
- Microbiological Analysis.
- Statistical Software: SPSS, SAS.
- Lab Management & Curriculum Development.

15. Research Interests:

- **Food Safety and Preservation:** *Development of innovative strategies to enhance the safety, shelf life, and quality of meat, seafood, and plant-based products.*
- **Functional Foods and Nutraceuticals:** *Exploration of bioactive compounds, natural antioxidants, and antimicrobials to improve nutritional value and health-promoting properties of foods.*
- **Meat and Fish Technology:** *Processing, preservation, and quality optimization of meat and seafood products, including lipid oxidation control and sensory stability.*
- **Food Packaging and Edible Coatings:** *Design and application of biopolymer-based packaging systems and edible coatings incorporating natural preservatives.*
- **Molecular Biology and Biotechnology:** *Application of proteomics, genomics, and microbial ecology to investigate foodborne pathogens and bioactive compounds from plant and animal sources.*
- **Food Quality and Analytical Techniques:** *Evaluation of lipid oxidation, texture, sensory attributes, and chromatographic/spectrophotometric profiling of food matrices.*
- **Green Nanotechnology and Bioactive Nanomaterials:** *Synthesis and characterization of biogenic nanoparticles and nanocomposites for antioxidant, antimicrobial, and food preservation applications.*
- **Applied Food Research and Product Development:** *Translation of research outcomes into industry-oriented functional food formulations, process optimization, and quality assurance.*
- **Sustainable Food Systems:** *Valorization of agro-industrial by-products and food waste to produce high-value functional ingredients within a circular economy framework.*

16. Goals and Areas of Interest:

a) Primary Goals:

- **Contribute to food security, safety, innovation, and sustainability** *through integrated research, education, and industry collaboration.*
- **Advance an international research career** *through multidisciplinary and cross-border scientific partnerships.*

- **Enhance global food safety, quality assurance, and functional food development** *aligned with emerging health and regulatory demands.*
- **Modernize and internationalize** *Food Science and Technology education to meet global academic and industry standards.*
- **Support capacity building** *in academic and research institutions through mentorship, curriculum development, and program leadership.*
- **Improve student employability** *by aligning educational outcomes with industry needs and strengthening technical and communication skills.*
- **Promote the integration of food safety, biotechnology, and innovation** *into public policy and industrial practice.*
- **Bridge the gap between scientific research and private-sector applications** *in food processing, preservation, and quality management.*

b) Key Areas of Scientific Interest:

- **Food Safety and Microbial Control:** Risk assessment, predictive microbiology, HACCP systems, and foodborne pathogen management.
- **Functional Foods and Nutraceuticals:** Development and characterization of health-promoting ingredients derived from natural sources.
- **Biotechnology and Fermentation Technology:** Application of microbial biotechnology to improve food value, safety, and shelf life.
- **Molecular Biology and Microbial Ecology:** Investigation of microbial communities in food systems and their genetic and functional behavior.
- **Food Processing and Preservation:** Innovative technologies including edible coatings, natural preservatives, and advanced packaging systems.
- **Sustainable Food Systems:** Valorization of food waste and agro-industrial by-products using green technologies within a circular economy framework.
- **Proteomics and Bioactive Peptides:** Isolation, characterization, and application of biofunctional compounds from seafood and plant-based matrices.
- **Natural Antioxidants and Antimicrobials:** Extraction, characterization, and application of phytochemicals in meat, fish, and dairy products.
- **Postharvest Technology:** Biological and physical strategies to enhance quality and extend shelf life of fresh produce.

17. Quality Assurance and Learning Outcomes Alignment:

- **Ensured alignment of research outcomes with program learning outcomes (PLOs)** and **intended learning outcomes (ILOs)** in accordance with **NAQAAE standards**.
- **Promoted student-centered learning**, **critical thinking**, and **research ethics** in line with **ABET and AUN-QA frameworks**.
- **Integrated continuous assessment and feedback mechanisms** to improve research quality and student performance.
- **Encouraged publication, conference participation, and innovation outputs**, supporting institutional research impact and global visibility.
- **Maintained proper documentation and evidence portfolios** for accreditation reviews and quality audits.

18. Certifications & Professional Training:

(a) Food Safety & Quality Management Systems:

- **ISO 22000:2018 Lead Auditor** – *Food Safety Management Systems (International Organization for Standardization).*
- **Certified Lead Auditor (ISO 22000 & FSSC 22000)** – *European Association of Auditors.*
- ***FSSC 22000*** *– Food Safety System Certification (ISO/TC 34/SC 17).*
- **HACCP (Hazard Analysis and Critical Control Point)** – *Certified Food Safety Professional.*
- **BRCGS Global Standard for Food Safety, Issue 8.**
- **BRCGS Global Standard for Packaging Materials, Issue 6.**
- **HALAL Certification & Food Safety Auditing** – *Accredited Training.*
- **Food Safety Certification**.

b) Quality, Environmental & Occupational Health Systems:

- **ISO 9001:2015** – Quality Management Systems (Certified Implementation & Audit).
- **ISO 14001:2015** – Environmental Management Systems (Certified Implementation & Audit)
- **ISO 45001:2018** – Occupational Health and Safety Management Systems
- **OHSAS 18001** – Occupational Health and Safety.

c) Food Defense, Fraud & Regulatory Compliance:

- **Food Defense Awareness Training** – Preventive Controls Alliance (PCA)
- **Food Defense and Food Fraud Prevention**
- **CE Marking – Safety and Regulatory Compliance**

d) Professional Development:

- **Training of Trainers (*TOT. International*) *Program (2025).***
- **Professional Membership & Reviewer Certifications** – *IFT, IAFP, WASET, EFFoST, ACSE.*

19. Consulting & Leadership Roles:

- Consultant for food industries (since 2021, Faculty Council-approved).
- Director, Healthy Meals Research Unit (Snacks Factory) (2018–2021).
- Nominated leader for the Government Excellence Award Application (Second Session, 2020), coordinating and reviewing submission files.

20. Community Outreach & Agricultural Awareness:

- Organized and delivered agricultural awareness convoys with the Community Service Sector, Faculty of Agriculture

- Lecturer at the Nile Center for Media, Ministry of Information, on food science and agriculture-related topics
- Contributor to Healthy Nutrition Projects at Dar El-Tarbiya Official Language School in collaboration with the Egyptian Ministry of Education
- Conducted agricultural training at institutions such as Egypt Foods Company, focusing on potato production and fast food health

21. Other Contributions:

- Key participant in the Small Business Skills Development Project for youth in Menoufia Governorate (2008, HEEPF-funded).
- Participated in control work across multiple faculties at Menoufia University (Agriculture, Education, Childhood, and Commerce).

22. Professional Industry & Consultancy Experience:

a) Food & Milling Industry:

- **Miller Engineer –** El Akhal Mills, Egypt | 2002–2004.
- **Nutrition Specialist –** El Azhar Institutes, Egypt | 2004–2007.

b) Food Safety & Standards

- **Food Standards Specialist** – Egyptian Organization for Standards and Quality (EOSQ), Ministry of Trade & Industry | 2018–2023.
- **Implemented FSSC ISO 22000 (ISO/TS 22002 + ISO 22000) for food safety.**
- **Collaborated with ISO Technical Committee TC 34/SC 17 (Food Safety).**
- **Contributed to Codex Alimentarius Food Hygiene Committee (CCFH).**

c) Consultancy & Auditing

- Independent Consultant – Quality & Food Safety Systems | 2013–Present
- Quality & Food Safety Systems Consultant – Olio International, Lebanese Frozen Food Company | 2022–2024.

d) Consultancy Clients Include:

- **Royal Pack** (France) | 2019
- **AJWA Company for Food Industries** | 2018–Present
- **REGINA Group for Food Industries** | 2019–Present
- **RAKA Design Architects & Consulting Engineers** | 2020
- **Auditor – QMS Company for Quality & Safety Certification** | 2020–Present

23. Key Professional Contributions:

a) Packaging Industry:

- Implemented ISO 9001, OHSAS 18001, BRC-IOP, ISO 14001 across major packaging companies.
- Established BRCGS Packaging Materials Issue 6 in leading packaging firms (Interpack, Goodseal, Flexprint, El Andalos, etc.).
- Delivered BRCGS Packaging training for Egyptian Canadian Co., Grand Plast, ICOPACK, and others.

b) Food Industry:

- Implemented FSSC ISO 22000, ISO 9001, ISO 14001, HACCP, and BRC Food Safety Standards in multiple companies.
- Key clients: AJWA, REGINA, Royal Pack, AFIA (Savola), EMISAL, Alexandria Fishing Co.
- Developed HALAL certification criteria for Olio International Lebanese Frozen Food Co.
- Conducted FSSC ISO 22000 training at Orouba Agrifoods Processing Co.

c) 3. Fishing & Marine Products

- Implemented BRC Food Safety Standards for Alexandria Fishing Co.
- Established HACCP systems for fishing vessels and ensured compliance with NFSA seafood handling regulations.

d) Other Sectors:

- Implemented ISO 9001 systems at EOS, Max Power, RAKA Design, and Anany & Partners.
- Developed integrated management systems (ISO 22000:2018, ISO 9001:2015, ISO 14001:2015) for Pharma Zad, KNOZ, AJWA, and ISKENDER companies.

e) Standards Development & Quality Assessment

- Contributed to international food safety standards with ISO/TC 34/SC 17 and Codex Alimentarius (CCFH).
- Participated in quality award assessments, e.g., Univest Cosmetics for the National Quality Award.

24. Services:

(a) Scientific Advisory Boards:

- Editorial & Advisory Boards (25+ international journals).

(b) Conference Committees:

- Organizing & Scientific Committees (national & international).

(c) Reviewer Service:

- Elsevier, Springer, Wiley, Taylor & Francis, MDPI, Frontiers.

(d) Editorial Boards:

- Food Bioscience.
- Journal of Food Science.
- Food & Bioprocess Technology.
- Journal of Functional Foods.
- Others (25+).

(e) Invited Presentations:

- National and international conferences on food safety and biotechnology.

(f) University Service:

- Head of Department.
- Quality Assurance Committees.
- Academic Program Development.

(g) Service to Industry:

- Food safety auditing (ISO, HACCP, BRCGS, FSSC 22000).

(h) Public Service:

- Community awareness campaigns.
- Food safety education initiatives.

25. Events, Workshops, Technical Tours, Seminars & Community Engagement

a) Workshops on Curriculum and Program Development (2018):

- Description of Programs and Courses (17 September 2018).
- Description of Programs and Courses for Undergraduate and Postgraduate Studies (18 October 2018).
- Discussion of the College's Strategic Plan (10 November 2018).
- Description of Programs and Courses for Postgraduate Studies (19 December 2018).

b) Government Excellence Award & Egypt Vision 2030 Workshops (2020):

- Future Foresight of Specialized Programs (11–12 March 2020).
- Strategic Planning for Specialized Programs (17–18 March 2020).
- Innovation Management in Specialized Programs (29–30 March 2020).

c) Distance Learning & Accreditation (2020):

- Essential Skills for Distance Learning (1–10 November 2020).
- First Meeting for Program Accreditation, Quality Assurance Unit, Faculty of Agriculture, Menoufia University (17 November 2020).

d) Scientific Workshops during COVID-19 (2020):

- Food and its Safety after the Corona Pandemic (10 November 2020).
- Recent Trends in Dairy Science amid the COVID-19 Pandemic (11 November 2020).
- The Era of COVID-19: Food Industry Impact & Lessons Learned (12 November 2020).

e) Training Programs & Workshops:

- Managing Business Incubators & Providing Business Development Services for Startups (ENROOT, February 20–24, 2022).
- Mechanisms of Excellence in the Agricultural Labor Market (November 15, 2011).
- Leadership Preparation Course (Leadership Preparation Institute, Helwan, April 10–15, 2009).
- Electronic Databases & Digital Library Training (ICTP, Supreme Council of Universities, April 21–22, 2008).

f) Judging Roles:

- Judge, Egyptian Typical Food Products Contest (March 16–17, 2022).
- Chief Judge, Menoufia Science and Engineering Fair (ISEF-2022), Directorate of Education – Egyptian Ministry of Education.

g) Community Engagement & Public Lectures:

- Participation in agricultural awareness convoys (Community Service & Environmental Development Affairs Sector, Faculty of Agriculture, Menoufia University).
- Delivered public lectures via Nile Media Center, Ministry of Information, Shibin El-Kom, Menoufia.
- Lecturer, training program on Potato Production & Health Aspects of Fast Food (Egypt Foods Company, Quweisna City, in collaboration with Faculty of Agriculture, Menoufia University).

h) Conference Participation:

- Participant, Scientific Conference on Improving the Quality of Postgraduate Programs in Higher Education Institutions (February 25–26, 2009).
- Member, Organizing Committee, same conference (February 25–26, 2009).

i) Board Membership:

- Member, Board of Directors – Project on Developing Skills of Small Projects in Food Manufacturing among Youth, Menoufia Governorate.

26. Training Courses and Programs – Faculty Capacity Development Project:

- **Time and Meeting Management** – March 7–8, 2023
- **Mind Mapping Skills** – February 28–March 1, 2023
- **Negotiation Skills** – February 20–26, 2023
- **Lifelong Learning** – February 20–21, 2023
- **Creative Thinking for Leaders** – February 19–20, 2023
- **Effective Presentation Skills** – August 14–15, 2018; July 24–25, 2018
- **Strategic Planning** – August 7–8, 2018
- **People Management** – July 24–25, 2018
- **Credit Hours System** – July 22–25, 2012
- **Communication Skills in Different Teaching Styles** – June 24–26, 2012
- **Professional Behaviors** – June 18–20, 2012
- **Local and International Competitive Research Projects** – June 10–12, 2012
- **Quality Standards in the Teaching Process** – June 3–5, 2012
- **Ethics of Scientific Research** – July 25–27, 2010

27. Contribution to Student Activities:

a) Preparation of Study Notes: (Developed study materials for a wide range of courses, including).

- **Meat and Fish Technology**
- **Food Preservation Technology**
- **Food Packaging Materials Technology**
- **Food Chemistry**
- **Food Analysis**
- **Food Quality Control**
- **Computer Applications in Food and Dairy Sciences**
- **Graduation Project in Food and Dairy Processing Sciences**
- **Principles of Food and Dairy Industries**
- **Health Affairs of Food and Dairy Factories**
- **Scientific Research Methodology in Food Science and Technology**

b) Academic Advising:

- **Serving as academic advisor for first-year undergraduate students since 2019 (Faculty of Agriculture, Menoufia University).**
- Supervision of Graduation Projects
- **Supervised and trained students at:**
- **Second-year students (General Division)**
- **Third-year students, Department of Food Science and Technology**
- **Third- and fourth-level students, Food Manufacturing Program**

c) Supervision of Summer Training:

- **Supervised summer training programs for undergraduate students in food science and technology, ensuring practical application of theoretical knowledge.**

d) Postgraduate Supervision and Teaching:

- **Supervising and teaching the course** "Scientific Research Methodology in Food Science and Technology" **for postgraduate students, Food Industries Division, Department of Food Science and Technology, Faculty of Agriculture, Menoufia University (2018–present).**

28. Academic Society Memberships:

- Canadian Society for Horticultural Science (CSHS).
- British Society for Plant Pathology (BSPP).
- Society of Plant Signaling and Behavior (SPSB).
- International Society for Microbial Ecology (ISME).

29. Selected Publications:

a) Research and Academic Support:

- **Published and registered multiple research papers** *via Menoufia University and the Scientific Research Administration.*
- **Co-prepared textbooks and study references** *for courses including Meat and Fish Technology, Food Preservation Technology, Food Packaging, Food Chemistry, Food Analysis, Food Quality Control, Computer Applications in Food and Dairy, and Graduation Projects.*

b) Editorial & Advisory Board Memberships: Editorial Board Member (Core Journals):

- **International Journal of Medicinal Mushrooms** (SCI, Q3; IF: 1.94).
- **Current Research in Nutrition and Food Science** (SCI, Q3).
- **International Journal of Food and Fermentation Technology (IJFFT).**
- **Journal of Life Sciences (JLS).**
- **Journal of Food Studies (JFS).**
- **Asia Pacific Journal of Food Safety and Security.**
- **Nutrition and Food Technology: Open Access.**
- **Food & Nutrition Report.**

c) Editorial & Advisory Board Member (Selected International Journals – 25+ Total)

- Journal of Functional Foods (SCI, Q1; IF: 4.451)
- Food Bioscience (SCI, Q1; IF: 4.240)
- Journal of Food Science (SCI, Q1; IF: 3.167)

- RSC Advances (SCI, Q1; IF: 3.361)
- Food and Bioprocess Technology (SCI, Q1; IF: 4.465)
- Journal of Food Composition and Analysis (SCI, Q1; IF: 4.556)
- Additional memberships in international journals covering food science, nutrition, biotechnology, and functional foods.

d) Reviewer for International Conferences:

- 18th World Congress of CIGR, Beijing, China (September 16–19, 2021).
- The 3rd International Conference on Biomedical Engineering and Biotechnology (ICBEB 2023), Beijing, China (September 25–28, 2023).

e) Didactic & Academic Competencies (Pedagogical and Leadership Training):

- **Completed advanced programs at the International Faculty and Leadership Development Center:** *University Teacher Preparation, Leaders Preparation, Credit Hours System, Research Team Management, Exam Systems & Student Assessment, University Management, Crisis Management, Decision Making, and Problem-Solving*

f) Teaching & Supervision Experience:

- 18+ years in higher education, supervising undergraduate and postgraduate students (BSc, MSc, PhD).
- Academic Supervisor of the Biotechnology Program (Bac+1 level).
- Supervised PhD, Master 1, Master 2, and Technical University student projects.
- Member of Student Activities and Academic Programs Committees.

g) Research & Publishing Training:

- **Completed Elsevier Researcher Academy programs in:** Research Collaborations, Open Science, Peer Review, Publishing, Journal Selection, Technical Writing, and Book Writing
- Organized and delivered training on "How to Publish a Scientific Paper."

h) **A complete list of publications** (50+ peer-reviewed articles and book chapters) is available upon request or can be accessed via Google Scholar and ResearchGate profiles.

i) Publications Summary:

Type	Number
• **International Journal Articles**	30+
• **Conference Papers**	20+
• **Book Chapters**	7+
• **Patents**	In progress

Languages:

- **Arabic** – Native.
- **English** – Fluent (C1–C2).
- **Russian** – Proficient.
- **French**- Intermediate.
- **German**- Basic.

30. Computer & Digital Skills:

a) Computer Skills:

- **Operating Systems:** Windows (Advanced).
- **Programming Languages:** Basic, HTML, Java.
- **Applications & Tools: MS Office** (Word, Excel, PowerPoint, Access), WordPerfect, AutoCAD, MATLAB, SAP, SPSS, SAS, M-Stat, Quattro Pro, Flowchart Software.

b) Digital Skills *(Self-Assessment – Based on EU Digital Competence Framework)*

- **Information Processing:** Proficient User.
- **Communication & Collaboration:** Proficient User.
- **Content Creation (text, data, presentations, reports):** Proficient User.
- **Digital Safety & Security:** Proficient User.
- **Problem-Solving (analytical tools, troubleshooting, digital innovation):** Independent User.

32. Conclusion

This quote by Lester A. Brown beautifully encapsulates the interconnectedness of all life and the responsibility we have towards our environment. It emphasizes that human existence is intricately linked to the health of our planet and that we must act as stewards rather than owners of the Earth.

"All things are connected. Whatever befalls the earth befalls the sons of the earth. This we know – the earth does not belong to man, man belongs to the earth. Man did not weave the web of life; he is merely a strand in it. We have not inherited the earth from our father; we are borrowing it from our children." — Lester A. Brown, 1981.
